

CHAPTER V

CONCLUSIONS AND SUGGESTIONS

5.1 Conclusions

Based on the findings and discussion previously, the result of the data that contained the implicatures are 14 data and 20 flouting maxims. From the analysis resulted 10 utterances flouted maxims of Manner, 5 utterances flouted maxim of Quantity, 2 utterances flouted maxim of Quality, and 2 utterances flouted maxim of Relation. Most of conversational implicatures took place because of flouting maxim of Manner. The characters in the film expressed their words which were not balanced with their expression and vice versa. They preferred to show their intended meaning without being very explicit to the interlocutors.

The writer concluded in varied communication, both formal and informal interactions, the speaker and listener often flouted conversational maxim. Hence, the form of informal interactions were dominant in the dialogues. The main aspect of informal communication was not in located in the form that being applied, but it is more tend to the efficiency of communication such how speaker's utterance and intended meaning can be conveyed successfully to the addressee or the participant convey intended meaning the addressee effectively such as implicature.

Implicature is like a bridge that unites what the speaker says and what the speaker thinks. It is one of effective way to the speakers reveal messages as giving short statement to express their thought. The speaker just need to correlate their ideas with certain aspect of situation and interlocutor's knowledge. It will be

helpful in order to keep away a misconception so the hearer can understand the implied meaning which reflects the idea of the speaker.

5.2 Suggestions

After presenting some conclusions and analyzing the Conversational Implicatures in the dialogues of *Freedom Writers* film, the writer suggests that the further researchers can analyze the Conversational Implicature in different object such as advertisement, magazine, social media, and so forth. Then, this analysis can be reference to analyze the Conversational Implicature using another theory. The writer also expects the reader can enrich their knowledge about Conversational Implicature so they can apply it in social interaction to achieve effective communication.
