DAFTAR TABEL

2.1 Tahapan-tahapan proses terjadinya sebuah kebijakan pendidikan.................................................................................................................. 26
3.1 Proses Penelitian.............................................................................................................................................................................. 52
3.2 Bentuk Pernyataan Positif/F: Selalu - Tidak Pernah ................................................. 58
3.3 Kisi kisi Angket.................................................................................................................................................................................. 59
3.4 Kode Construct masing masing Variable ................................................................................................................................. 64
3.5 Hasil uji validitas Kinerja Guru (Y)................................................................................................................................. 66
3.6 Hasil uji validasi Motivasi Kerja Guru (X1)................................................................. 67
3.7 Hasil uji validitas Kebijakan Dana BOS (X2) ........................................................... 67
3.8 Hasil uji reliabilitas Kinerja Guru .................................................................................. 70
3.9 Hasil uji reliabilitas Motivasi Kerja Guru .................................................................... 70
3.10 Hasil uji reliabilitas Kebijakan Dana BOS ................................................................. 70
3.11 Penetapan Skor Jawaban Angket Skala Likert ......................................................... 71
3.12 Kriteria Nilai rata rata untuk Deskriptif data ........................................................... 72
4.1 Rincian Pengembalian Kuesioner .................................................................................. 79
4.2 Profil Responden Berdasarkan Jenis Kelamin .......................................................... 79
4.3 Profil Responden Berdasarkan Usia ............................................................................. 80
4.4 Profil Responden Berdasarkan Lama Masa Kerja .................................................... 81
4.5 Tanggapan responden terhadap Kinerja Guru........................................................ 82
4.6 Tanggapan responden terhadap Kinerja Guru........................................................ 83
4.7 Tanggapan responden terhadap Kinerja Guru........................................................ 85
4.8 Tanggapan responden terhadap Kinerja Guru........................................................ 86
4.9 Tanggapan responden terhadap Kinerja Guru........................................................ 87
4.10 Tanggapan responden terhadap Motivasi Kerja Guru.............................................. 88
4.11 Tanggapan responden terhadap Motivasi Kerja Guru.............................................. 89
4.12 Tanggapan responden terhadap Motivasi Kerja Guru.............................................. 90
4.13 Tanggapan responden terhadap Motivasi Kerja Guru.............................................. 91
4.14 Tanggapan responden terhadap Motivasi Kerja Guru.............................................. 91
4.15 Tanggapan responden terhadap Motivasi Kerja Guru.............................................. 92
4.16 Tanggapan responden terhadap Kebijakan Dana BOS............................................. 93
4.17 Tanggapan responden terhadap Kebijakan Dana BOS............................................. 95
4.18 Construct Reliability and Validity .............................................................................. 98
4.19 Measurement model.................................................................................................... 101
4.20 Fornell-Larcker Criterion........................................................................................... 104
4.21 Heterotrait-Monotrait Ratio (HTMT) ...................................................................... 105
4.22 Collinerity Statistics (VIF)........................................................................................ 106
4.23 R Square
4.24 Q2 Square
4.25 Mean, STDEV, T-Values, P-Values
4.26 Mean, STDEV, T-Values, P-Values
4.27 Mean, STDEV, T-Values, P-Values
4.28 R Square
