

CHAPTER V

CONCLUSIONS AND SUGGESTIONS

5.1 Conclusion

Choosing the Textbook that appropriates for learners' needs is not easy. The textbook evaluation needs to be done by the teacher to find out whether the English textbook "Stairway: A Fun and Easy English Book" for grade V in SDIT Ash-Shiddiqi is fulfilled the criteria of a good textbook based on EFL textbook evaluation. However, some improvements should be done by teachers before using the book, and by the writers of the book for the next edition of the book. The improvements are :

- 1) The review sections at the end of the semester using a checklist without giving the clear criteria will be subjective so that it is difficult to know how far the understanding of the students is.
- 2) Grammar. There are no definitions about what going to learn in grammar
- 3) The oral activity must be given more to encourage the learners to be more creative.
- 4) The weakness of this book, The Textbook is not equipped with a teacher's book and workbook. All assignments and activities are included in the student book.

5.2 Suggestions

Based on the results of the study, some suggestions can be offered to certain parties. First, teachers can use the results of the study as the

information when they want to use "Stairway: A Fun and Easy English Book" that there is some aspect that could be improved. Second, the writers of the book can improve parts of the book which is still bias in the next edition. And the last, researchers can conduct the same study for other English textbooks, or continue this study for the in-use and post-use evaluation
