

## **CHAPTER V**

### **CONCLUSIONS AND SUGGESTIONS**

This chapter is divided into two sections, with the first part presenting conclusions and the second part offering suggestions.

#### **5.1. Conclusions**

Based on the discussion, the researcher concluded that:

1. The kinds of media technology that the teacher used when teaching English were laptop, LCD projector, smartphone and speaker.
2. English language teachers from those schools perceived that media technology was important. Because it facilitated them to deliver material to the students and helped them to overcome the problems while teaching.
3. According to the teacher interview, most of the teachers gave positive perception toward the media technology used by English teacher in teaching and learning process

#### **5.2. Suggestions**

From the findings presented earlier in chapter four, there are some suggestions that can be taken as a consideration for English teacher and the students.

1. For the English teacher

It is suggested the English teacher must be creative to choose the media technology that appropriate with the materials that are taught. Not only one or two media but the teacher is expected to be able in using various media in order to interest the students toward the material and help students understand the materials easily. In addition, the teacher also must pay attention to the students who don't

focus on teaching and learning process. The teacher also must play again the media technology to make students more understand and catch the meaning of the media technology. The teacher is expected to explore another creative media technology in teaching and learning process to create comfortable classroom for students with different background.

## 2. For the students

In English lesson, it is suggested that the students should make the best use of the learning process in the classroom and give positive contribution, so they get effective learning. They also need to be aware of their own needs and find additional materials from any sources. To be master English well students should attempt to get more learn and study hard don't have to be afraid of making mistakes. On the other hand, the students also need to pay attention to their teacher, so they can be easy to understand the materials.
