5.2 Suggestions

Based on the findings in this research, there are several suggestions from researchers for students at SMA 7 Batanghari in overcoming difficulties in English pronunciation. Students must be more enthusiastic in learning, especially regarding English pronunciation. This can be trained by increasing listening to speech and language communication. English either through films or videos in English on various media such as YouTube. Apart from that, you also have to be confident, don't be afraid of making mistakes and don't be embarrassed to learn English. And for the teachers at SMAN 7 Batanghari, especially English teachers, to always motivate students to learn English and improve the methods or techniques of teaching English.

For future researchers, in order to make this research more perfect, it is hoped that future researchers will focus more on researching steps or strategies at improving students' abilities in English and English pronunciation. It is hoped that this research will not stop at an analysis to look at the problems faced by students but can overcome the problems faced by students.
